- Shimmery White Cardstock – 3" x 4" (7.5cm x 10cm)
- Vellum Cardstock – scraps for flowers

# Shimmery Vellum Flowers

## Instructions:

1. Using the Big Shot and Big Shot Platform emboss the Perfect Plum Cardstock piece with the Falling Flowers Embossing Folder.
2. Replace the Big Shot Platform with the Magnetic Platform in the Big Shot. Cut the Sweet Sugarplum using the largest scallop of the Layering Ovals Framelits and cut the Shimmery White Cardstock piece using the largest of the oval Stitched Shapes Framelits.
3. Stamp the sentiment in Archival Basic Black slightly off center to the right on the Shimmery White Cardstock oval piece and adhere it to the Sweet Sugarplum scallop piece using your adhesive of choice.
4. Wipe the Vellum Cardstock with the Embossing buddy. Stamp the flower from the Flower Shop stamp set in Versamark ink 3 times and use the White Stampin' Emboss Powder and heat Gun to heat emboss the flowers. *(Tip: The Vellum Cardstock is slightly rougher on one side. Heat emboss on the slicker side of the Vellum Cardstock for this project. Ink will dry better on the rougher side)*
5. Turn the flowers over and use sponge daubers to sponge on the back sides of the flowers using Perfect Plum, Sweet Sugarplum and Pink Pirouette inks. Make sure to go outside of the stamped area so that when you punch the flowers the entire piece will be colored. Set aside to dry.
6. While the ink is drying on the flowers, adhere the Perfect Plum cardstock to the Rich Razzleberry card front.
7. Apply Wink of Stella to the three flowers. Punch them out using the Pansy Punch. Adhere the flowers to the oval piece front using glue dots. Add Basic Pearl Jewels to the center of each flower.
8. Adhere the oval piece with flowers to the main card using Stampin' Dimensionals.
9. Adhere 3 Basic Pearl Jewels to the bottom right side of the Perfect Plum cardstock
